

## **Partner for Aero Asset Management**

Analysis • Specification • Bid Management •  
Supervision • Phase In • Inspection • Phase Out

### **Your experienced Operations Partner**

You operate the airplanes, we have got  
the skills to make your life easier.

Full service for aircraft transitions can be  
outsourced to our experts.

We can do the whole transition process  
for you or just parts of.

Whatever suits your company best.

### **Our competence for your Aircraft**

Our services include phase in  
and outs as well as supervision during  
manufacturing or checks.

Whether you phase in/out an aircraft  
or you need a supervision during  
manufacturing we take over the  
responsibility.

# Full service for aircraft transitions, base maintenance events and for supervision during manufacturing process

Our team consists of highly qualified and long term experts in the area of aircraft transitions, base maintenance events and engineering topics.

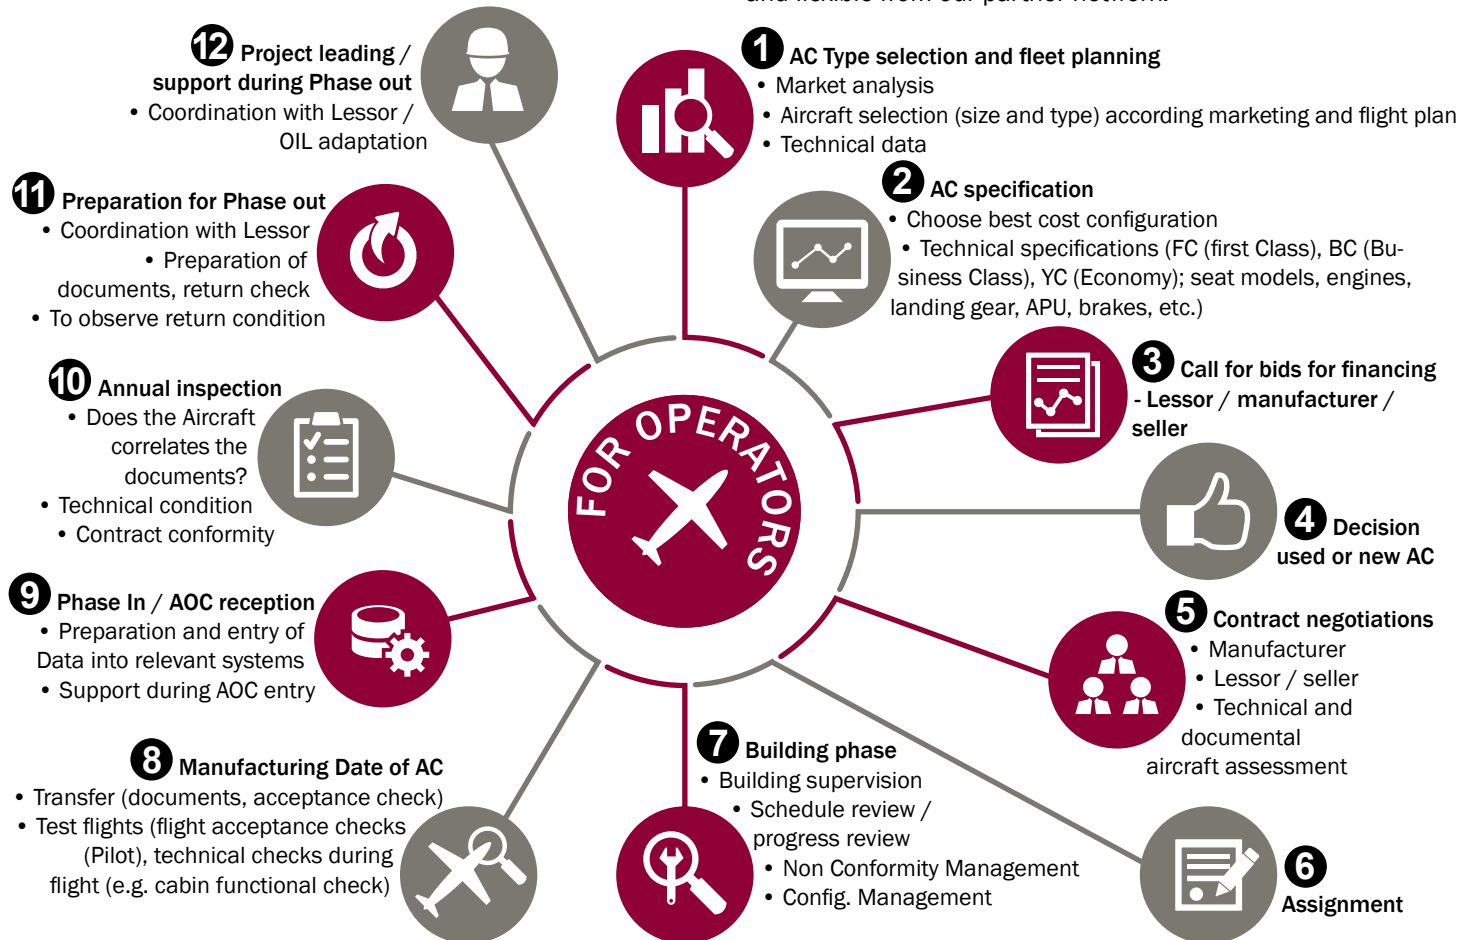

We will do the work so your employees can concentrate on your core business.

## We understand your challenges

With our experience we guarantee an easy, fast and cost-conscious handling of your projects.

## Fast, flexible and independent on site support

Benefit from reliable and defined contracts. Our team is taking care of the project. Necessary resources can be added quickly and flexible from our partner network.

## On top services or extensions:

- Layover support during any kind of base maintenance event
- Repositioning
- Organization of storage and CAMO services
- Or just let us know what else you need

## Benefit of our package offer:

- There is only one partner for everything
- You will minimize your administrative workload
- Easy budgeting because of a fixed price per defined package per aircraft
- You can focus on your core business
- No additional employees needed for work peaks due to phase in / out
